

AREAS

- 1) What is the area of a triangle with a base of 10 decimetres and a height of 7 decimetres?
- 2) What is the area of a parallelogram with bases that are 12 cm and a height of 8 cm?
- 3) What is the area of a triangle whose base is one half its height if the height is 14 dm?
- 4) What is the length of a rectangle if the area is 35 square metres and the height is 5 metres?
- 5) If a parallelogram has an area of 40 square metres and a base of 8 m, what is its height?
- 6) What is the area of an equilateral triangle with a base of 5 metres?
- 7) Calculate the area of the shaded portions:

- 8) Calculate the area of the following figure:
